

Submitted by Wayne Hartwig

The Eleventh Annual Garden of Innocence Car Show took place on June 28th at El Camino Memorial Park. We have been attending this show for the last four years, a show that raises funds to provide dignified burials for abandoned babies. Before the Garden of Innocence was created, abandoned children were placed in the indigent program per individual counties and buried in mass graves in a potter's field. El Camino Memorial Park is determined to put a stop to that process by declaring abandoned children the dignity of a name on the lawn to let everyone know they were once here, even if for just a moment! The Garden of Innocence is helping with the burials of these children and to recognize all the children that have not been given a dignified burial. They believe "If no one grieves, no one will remember!"

This car show continues to attract a wide variety of classic vehicles, and it continues to get a bit bigger every year. This year's show had a record 158 entries. This show always has a nice raffle with quite a few really nice and valuable prizes, a 50/50 raffle and an abundance of awards for entrants. Several local Lowrider clubs including "The Crowd" and the "Impala Club" graciously provide personnel to handle registration, parking, the raffle, and the awards to help make this event a success.

Linda and I attended this year with our black & silver 1955 Chevrolet Belair convertible. We were joined by Rod & Nancy Hildebrand in their red '57 Chevy 150 sedan, Sam & Donna Rindskopf in their black '57 Chevy Nomad, and Sam Milazzo in his silver gray '65 Chevy Chevelle. An e-mail message I received from the Garden of Innocence stated 36% of this year's entries were first time attendees. With that in mind, we decided to arrive a bit earlier than previous shows. We arrived around 7:10 and we were surprised to see the lot under the solar panels was already nearly full. Fortunately, there was still four spaces together for our four T5R cars.

The temperature was much cooler than usual, skies were overcast with marine layer, and a jacket was good idea as the breeze was a bit cool all day. We picked up our registration & tee-shirt and purchased our raffle tickets before perusing the parking lot to see all of the other entries. Registration included one lunch ticket, but there were no hot dogs this year. A food truck was on-site, and each meal ticket was good for a bacon and egg breakfast burrito early in the day or for a beef or chicken tamale with macaroni

salad, a bag of chips and a cookie after 11 am. Unfortunately, they ran out of beef tamales in the first 20 minutes. While the tamale and macaroni salad were okay, we would have been happier with the usual hot dog.

There was no general raffle. Each of the thirty plus prizes had a container. Tickets for the raffle prizes could be put in the containers of the prizes people wanted to win. Unlike last year when we won four times, we didn't win any raffle prizes. Rod won a big bucket of Armor-All automotive cleaning products.

Two times during the show, a video and a tour of the Garden of Innocence is offered to those wishing to see the facility and how they provide a dignified burial for the babies. If you take the tour, be sure to take a lot of tissue with you. You'll need it.

Throughout the day, judges were out selecting the entries for the "Award of Excellence" plaques and eight three-foot tall "Best of" trophies for the top winners in each category. We know if the dash placard disappears from your car, you have won an award. Rod & Nancy Hildebrand and Linda and I won an "Award of Excellence" plaque. Sam & Donna thought they were being passed over for an

award, however I knew they were going to receive the three-foot "Best Hot Rod" trophy, as I saw a judge earlier in the day writing down the information from their window placard. Congratulations to all the winners. This Garden of Innocence car show is always a fun show. It supports a great cause and you will meet a whole lot of really nice people. Come join us for next year's show.

"America on Wheels" at Santee Lakes Celebrating America's 250th Birthday

Submitted by Wayne Hartwig

People tell me there have been car shows at Santee Lakes in past years, but it's not clear how many years ago that really was. I don't recall any shows in recent history. Apparently, the last show was sometime between fifteen and twenty-five years ago, depending on whose memory is the most reliable. Fast forward to 2026, a car show at Santee Lakes was back, just in time to celebrate our county's birthday!

On July 2, 2026, Santee Lakes Recreation Reserve held the "America On Wheels" Car Show at Santee Lakes on the grass at Lake #5 in celebration of America's 250th Birthday. This show was an evening event, officially starting at 5:00 pm and ending at 7:30 pm. Not too surprising, Charger Steve was involved with helping put this show together. The show was open to all American made cars, trucks & motorcycles and was supposed to be limited to 75 vehicles, however there was closer to 100 entries, surpassing everyone's expectations. I'm guessing the fact that the show was on Thursday before the 4th of July and the \$15 entry fee may have enticed people to attend. Spectators also came out in large numbers making for a very crowded event.

Four T5R classic cars were on hand for the event. Tom & Nancy Geiman came in their turquoise & white '55 Chevy Belair wagon, Rod & Nancy Hildebrand came in their turquoise '55 Chevy Belair sedan, Rich & Therese Correia came in their black & white '56 Chevy Nomad, and Linda and I came in our black & silver '55 Chevy Convertible.

A food vendor and a Tap Truck were on hand to provide food and adult beverages, but apparently everyone greatly underestimated how many people would show up. The food vendor was very slow getting food out and some

folks waited over an hour to get their food. Some folks never received their order at all and were refunded their money. The Tap Truck also ran out of adult beverages early and had to scramble to get more product. Near the end of the show, Charger Steve acknowledged the turnout was much more than anticipated, both from car entries and spectators, and apologized for the shortage of food and drink.

Nevertheless, it was a beautiful afternoon on the grass near the lake with mild temperature and a whole lot of people enjoying the cars, the music by DJ Paul Palombo, and of course the relaxing beauty of the lakes. The evening concluded around 7:30 pm after the presentation of awards. There were ten awards chosen by Charger Steve and his crew, and three "Top Choice" awards picked by the staff at Santee Lakes. Two of the three "Top Choice" awards went to Tom & Nancy Geiman and Rich & Therese Correia. People really love those Nomads and station wagons. Congratulations to the winners!

Yes, this was another car show, but it had a different feel than we get at other shows. Perhaps it was the relaxed atmosphere of the lake or maybe it was the late afternoon time of day. Maybe it was because we were able to spend some special time with our classic car friends. Or maybe it was a combination of all of those things. Whatever it was, it was the way we wish all car show events would go. If they decide to have more shows at Santee Lakes, we would definitely like to be there.

Coronado Fourth of July Parade

Submitted by Wayne Hartwig

This year, our country turns 250 years old. There are celebrations planned all over this great land and most are on or around the Fourth of July. Since 1888, the Fourth of July has been a celebrated day in Coronado and celebrated annually with a fabulous parade. It is estimated that 100,000 to 150,000 spectators make the journey to Coronado every year to see this fabulous show of patriotism.

Classic Chevys of San Diego (CCSD) has been a participant in the Coronado Fourth of July parade for many years and were back again this year. The Coronado Fourth of July parade is a really big deal for Classic Chevy owners because it gives us the perfect opportunity to show off our beautiful classics to the spectators.

Marcia Amundson handled the coordination of the parade this year and she was successful in getting ten Tri-Five classics signed up to participate however, one cancelled out just before the parade, leaving us with nine entries. Eight Classic Chevys met up at Aunt Emma's Family Restaurant in National City at 7:00 am for breakfast before heading across the Coronado Bay Bridge to the assigned staging location on "F" Avenue. Marcia was already staged in place when the group of Tri-Five Chevys arrived. There were six 1955, one 1956, and two 1957 Chevrolet in attendance.

This year, CCSD was entry #123, meaning they were almost the last entry in the parade. After everyone arrived at the assigned staging area, there was plenty of time to put the patriotic decorations on the cars. There was also time to watch almost the entire parade go by the end of the street before it was time to crank up the engines and get ready to show off those beautiful cars.

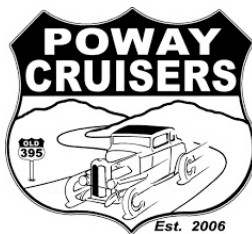

When it was time to shine, the group of nine Tri-Five Chevys made their entry onto the parade route cruising along at the usual slow pace. Thousands of spectators were lined up on both sides of the street cheering for the entries in the parade. There were about ten stands with DJ's spaced out along the parade route, and as the cars passed by each one, you could hear the narrators telling the crowd about the beautiful cars. All nine of the classics were up to the task of completing the parade without overheating or any other problems. It took about an hour or so to make the way to the end of the parade route where the cars stopped just long enough to remove the patriotic items. Since the parade was ending at that time, spectators were heading for their cars and trying to exit too. It took a bit longer to make it back across the Coronado Bay Bridge, but it was all worth the effort to share the Classic Chevys with everyone.

We learned CSPAN had aired a National broadcast of the entire Coronado Fourth of July parade and did a very nice job of showcasing the Tri-Five classics. You can see all or any part of the CSPAN video presentation at <https://www.c-span.org/program/america-250/coronado-california-independence-day-parade/681203>

Serra Mesa Block Party

Submitted by Wayne Hartwig

I was approached at several recent car shows by the people who sponsor the Annual Serra Mesa Block Party & Car Show. They kept telling me what a great show it is and asked me to put their Sixth Annual event on my calendar. It was the only local event on July 11, so we decided to give it a try. We entered our '55 Belair convertible and Linda's '69 C20 pickup.

This car show was not like most other car shows. It officially went from 1:00 pm in the afternoon to 5:00 pm with check-in beginning at 11:00 am, so getting up early to attend was not an issue. It was held on Greyling Drive, a rather narrow residential street where the cars were parked at an angle in one long row from one end to the other in front of people's residences. Getting all of the home owners on Greyling Drive to agree to blocking off the street all day for this show must have been a real challenge.

The show was advertised as a family event with about 15 local vendor and community booths, a Beer Garden with free beer for those 21 plus, free bottled water & free hot dogs. There were two live bands, the "Sears Brothers" and "Love is a Rose", a Linda Ronstadt tribute band. The event drew 91 entries and hundreds of spectators who came out to spend their afternoon having fun at this event.

It was a nice day, just a bit on the warm side. We were parked side by side and we were able to set up a popup for shade on the sidewalk in front of someone's nicely manicured lawn. We had shade and a nice breeze all afternoon. We made our way up and down the street and saw all 91 of the really nice rides that showed up for the event. We spent most of the day under shade watching the people go by. Around 2:00 pm, we went through the hot dog line, scoring four hot dogs for lunch. A little later we discovered an ice cream truck was parked at the end of the street next to the bands. There were a lot of ice cream options, but we settled on two scoops of black cherry ice cream in a cup. It was really good!

There were awards too and at 5:00 pm they announced the winners. There were four "Top Choice" awards and one "Best of Show" award. That's not many for 91 entries and I didn't expect to receive one. But sure enough, they called my name, awarding the convertible with one of the "Top Choice" awards. The "Best of Show" award went to a gorgeous light green 1958 Chevrolet Impala convertible that appeared to be a fresh restoration. It appeared all original, but it didn't sound that way when it was driven by us to the DJ area to receive the award. We never got to see the engine compartment as the hood was never opened.

I have to admit, the promoters were right, this was a fun show with a lot going on, especially considering the entry fee was a mere \$35. There was plenty of interesting vendors, good food, great music and a lot of really nice people we know sharing it with us. I'm pretty sure we will want to attend again next year. Come join us!

Tri-Five Newsletter

send to: Ava@Tri-FiveRevolution.com

Newsletter submissions are due before the 25th of the month.

Classic friends are welcome to send information about your upcoming events, we love hearing from you.

Revolutionaries please let me know what events you are planning to attend.

Ava
