# Bonsall High Car Show

*Submitted by Dana Stevens*

Sam Milazzo and I attended the 3rd Annual Bonsall High School car show in Bonsall, CA. Saturday, October 26, 2024.

This event is sponsored by Bonsall Education Foundation, partnering with the local 5150 Rat Rods So-Cal car club. All proceeds will go towards the Career Tech Education Program.

Sam drove his 1964 Silver-Grey Chevelle and I drove my 1956 Yellow and White Nomad. We both meet up at the park and ride at Old Castle road and 15.

This car show started out with 30 cars two years ago and now it's grown to Approximately 100 cars on display, it's become a popular car show in the area.

Halloween theme is highly encouraged by participants who entered their car. Several Rat Rods from Las Vegas make the trek out to the car show to show their support for the 5150 Rat Rods. During the day on hand were student performers, Raffles, all sorts of special vendors, food, crafts, and good music to listen to.

I've become to appreciate the Rat Rod car scene, especially the local 5150 Rat Rod car club. All thought their car shows are not 200-300 plus, they support the local community and provide a family friendly experience to the car culture.

The amount of artistic and creativity of their vehicles are remarkable, not to mention the time and imagination of the special awards that are presented to the winners are pretty spectacular!!!

Ten vehicles were selected for awards that day, and I was honored to have been chosen to win one of the Top Picks awards, fabricated by 5150 Rat Rods So Cal.

# Michelle's Place 1st Annual Cars for Hope Car Show

Submitted by Wayne Hartwig

Michelle's Place Cancer Resource Center was established in 2001 to honor Michelle Watson's wish of creating a place of comfort and support for people fighting cancer. Michelle's Place has been sponsoring a "Walk of Hope" in Temecula in the Promenade Mall parking lot for eight years raising funds in support of cancer patients because "No One Should Face Cancer Alone"! This event featured a DJ, a live band, food trucks, dozens of vendors, and a huge raffle in addition to the "Walk of Hope" as part of the event.

This year Michelle's Place added their first annual "Cars For Hope" car show to the event. Since it was their first car show, they contacted the Drifters Car Club for help setting it up. The Drifters gave them some recommendations and asked the club membership to come out in support of the show. Linda and I attended with our '55 Chevrolet Belair Convertible and Tom & Nancy Geiman came with their '55 Chevrolet Belair wagon. Turnout was about 80 cars, not bad for a first time show with little advertising.

Instead of window placards, each entry was assigned to a specific parking space that was identified with a numbered twelve-inch square "Spot" marker taped to the asphalt. The spot number was also the entry number for voting. Each entrant was provided with a cup with their number on it and a token for voting. The idea was for each driver to put their token in the cup of the car they wanted to vote for. There were also slips of paper anyone could fill out to vote for their favorite ride. At the end of the voting period, there was only one token in our cup. Obviously, this was a very weird voting system and I'm not sure how they actually arrived at the "People's Choice" winner. I know sponsors and/or judges made the rest of the picks.

An opening ceremony took place before the walk began and then the walkers all disappeared up the street to make the 1.6 mile journey. We collected our tee-shirts and then made our way to a food truck to get a breakfast burrito before heading to the vendor area. Each vendor, as part of the entry fee, donated a raffle prize making for a very successful raffle. Twenty dollars netted a raffle ticket card with twenty-five tickets to put into buckets for the prizes we wanted to win. We bought two cards of raffle tickets. Each ticket card had twenty-five tickets with the same number, so we only had to remember that one number for each card.

It took quite some time to see all of the vendor booths and before we were done, the walkers arrived back filling the area with so many people it was difficult to move. The raffle drawing started at 10:30 and numbers were being called one by one, waiting for each winner to take possession of their win.

Meanwhile, the car awards that were supposed to be at 1:00 were moved up to 11:00. The problem was that the raffle was not over by then and both were happening at the same time in different locations. Linda and Nancy stayed at the raffle while Tom and I went to observe the awards. Linda won one prize valued at \$45. There were seven trophies, a "Best of Show" award and two "Artist's" awards. Our convertible was chosen for the "Best of Show" award and the Geiman's wagon won an "Artist's" award.

I'm sure the Walk of Hope was very successful, and the car show was good for a first annual show. We were asked for feedback on how to improve for next year and I believe the people in charge will make changes to help smooth out the process for next year.

Cancer is very serious and can change people's lives in a very negative way. This event raises monies in support of cancer patients, helping them to live a more normal and comfortable life and giving them the support they need to fight cancer. If you or a family member or someone you know is experiencing cancer, you can go to <https://michellesplace.org> to learn more about how Michelle's Place can help.

# Corvette Friends Fall Trip

by Bob Brown

Some C1 Corvette friends and I decided a late fall trip in the early Corvettes would be a good idea. We could see some fall colors and not be cooking in our old non-AC cars. A full week of activities was planned in the great Southwest to involve friends from Poway in their 1961 Corvette, a couple from Yuma in their 59, and lastly, another couple from the Dallas area in their 58 Vette. The 61 and I left early Sunday, 3 Nov and picked up the 59 Vette in Yuma. We spent the night in Tucson and too soon lost the Yuma couple who were having ignition problems. They would join us later in Socorro, NM. Leaving Tucson, we had a photo op in White Sands, NM,

We then visited the Alamogordo Museum of Space History and spent the night in Artesia where we were joined by the Texas couple and the Yuma couple. Next day was Carlsbad Caverns. Followed by lunch in Roswell (one strange town!)

After an overnight in Socorro, NM, we headed west across NM on US 60 and hit a snow storm!

The snow was piling up fast on the highway, but we made it through and spent the night in Sedona. Next day was a run to the South Rim of the Grand Canyon where we did a

sunset tour and spent the night. The following day was a run to Tucson with a quick stop in Anthem, AZ to visit the Veterans Memorial Park.

After an overnight in Tucson, it was time to head home, but first we took a 30 mile detour south on I-19 to visit a Titan Missile Silo.

One last significant event for me was back

in Tucson headed west on I-10, my 59 rolled over 100,000 miles.

Totals for the trip was about 1700 miles, 20.55 mpg and 1 qt of oil.

# Newport Beach Classic Car & Truck Festival

*Submitted by Wayne Hartwig*

We received a flyer for the Annual Newport Beach Classic Car & Truck Festival at Balboa Pier in Newport Beach on October 26th. This was the ninth annual show, however it was the first show at this new location. The show was presented by the Knights of Columbus in partnership with the City of Newport Beach and Balboa Village. The weather looked as though it would be a beautiful day, so we decided to attend.

We made the trip up I-5 & I-405 and down Hwy 55 encountering a little fog along the way, but nothing too scary. However, the closer we got to Balboa Pier, the foggier it was. When we arrived at the pier parking lot, it was so foggy, we couldn't see the pier. There was a long line of cars making their way into the show parking lot and it took a while to get in and parked.

This is a family friendly show open to all vehicles, old and new. Proceeds go to Toys for Tots. There were about 230 total entries and about 25 vendors. There was a raffle with numerous items donated by vendors, and most were for businesses in the Newport Beach area. We chose not to buy raffle tickets as we wouldn't be able to use any of the winnings without going back to the area. There was a Beer Garden, a live band and a couple food trucks.

After parking and getting registered, we went out to the end of the pier to Ruby's Diner for a bacon & eggs breakfast. We enjoyed the smell of fresh ocean air and were able to see the large waves crashing onto the sandy beaches. After breakfast we meandered around the show to see all the pretty cars, and there were a lot of them. Car owners had to choose the appropriate judging class at registration, and we had to choose between the "Tri-Five Chevy" class and the "Convertible" class. We chose the "Tri-Five Chevy" class and that turned out to be a wise choice because there were about twenty beautiful convertibles and only five Tri-Fives. Later we discovered one of those Tri-Fives was in the "Muscle Car" class and one was in the "Convertible" class. So, there were only three in the Tri-Five class and the other two weren't much competition for our convertible.

We still had some time before awards and the fog had lifted making for a perfect Chamber of Commerce day. We took a walk a couple blocks away to Balboa Village where there are ferry boats taking people and cars across the water to Balboa Island and tour boats taking passengers on 45 minute tours. Food establishments and souvenir stores line the boardwalk for a few blocks. A small Ferris wheel, rock climbing and other rides are available to those wishing to partake in those activities. We did have to purchase some saltwater taffy at a candy store before heading back to the car show. It was a true touristy experience.

Awards were announced at 2:30 pm and as usual, they were last on the agenda. One by one, winners came up to claim their trophy. As I expected, the “Best Tri-Chevy” trophy went to our black & silver '55 Chevrolet Belair convertible. One more trophy for the shelf! The organizers also took a group photo of all the winners. This was a really nice show at a very nice location with lots of eye candy and really nice people. We may do it again next year. Come join us!

# Halloween Muscles on Main Street

Submitted by Dana Stevens

After attending Bonsall's High School car show yesterday, Saturday, October 26, 2024 I attended the Sunday, October 27, 2024 Halloween Muscles on Main Street at the Vista Village Center in Vista, CA. This car show is put on by the Pride of Vista Lions Club and all proceeds go towards community projects.

That morning, I meet with Sam and Donna Rindskopf with their 57' nomad at Old 395/15, Sam took the lead and we drove Old 395 highway into Vista. Parking is limited to this area so it was encouraged to arrive at a decent time (EARLY). This car show is Halloween themed and participants are encouraged to bring candy for the kids for Trunk or Treat, also awards for best costume, best themed decorated HotRod, people's choice award, most participating car club award, Cupcake walk, and Scavenger Hunt.

Also huge array of raffle prizes and opportunity drawings throughout the show and 50/50.

Donna in tow with k9 Bryce and I participated in the Cupcake walk. This game is similar to musical chairs, without the chairs. You walk a circular path and when the music stops you must be on the number they call and you become the winner of a cupcake. We both won a cupcake! We participated in the scavenger contest and WE GOT our rear-ends handed to us. LOST!

The street lined with hot rods decked out with spiders, ghosts, you name it, it was scary. The community came out in droves all decked out in their costumes. Young and old hit every Trunk and

Treat and filled their bags full of candy. The show came to an end with award presentations, and I was presented 2nd. Place for Best 1950's.

[Click here for more event pics.](#)

Here's a really yummy holiday/winter dessert that is quick and easy to make. Glad to share it with all our TR5 friends!

Ann Goldberg

## **New England Cranberry Cobbler**

### Ingredients:

6T unsalted butter, melted and cooled  
1-1/4 cup cranberries  
3/4 cup + 2 T sugar, divided  
1 cup all purpose flour  
1-1/4 t baking powder  
1/2 t salt  
1/2 cup whole milk  
1 large egg  
Sweetened whipped cream or Cool Whip (optional)

### Instructions:

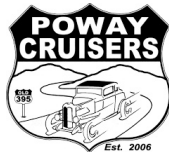

Preheat oven to 350 degrees. Butter and flour a 10" round pan.  
In a large bowl, whisk together flour, baking powder, salt and 3/4 cup sugar.  
In a small bowl, whisk together milk and egg, then whisk in cooled butter.  
Whisk milk mixture into flour mixture until combined.  
Stir together cranberries and 2 tablespoons sugar to coat berries.  
Pour batter into pan and scatter cranberries on top. Sprinkle any sugar remaining in bowl over all.  
Bake until center springs back when lightly touched, 25-30 minutes.  
Let cool 25 minutes, or let sit at room temperature up to 8 hours.  
Sprinkle with confections sugar or serve with a dollop of whipped cream.

# First Annual VFW Veterans Car Show ~ Temecula

*Submitted by Wayne Hartwig*

The Veterans of Foreign War Temecula Valley Post 4089 has been helping veterans in need for years. However, since the pandemic they have not been able to raise enough funds to fully support their cause. This year in conjunction with the U.S. Marine Corps 110th anniversary coming up on November 10th, they decided to celebrate with a classic car show on November 2nd in Temecula in the promenade parking lot between JC Penny and Dick's Sporting Goods.

Being a Veteran myself and always wanting to support Veteran causes, especially Viet Nam Veterans, signing up for this one was a no-brainer. We arrived around 7:15 and although it was a rain or shine event, the weather was looking great. We parked, put our window placard in place and tidied up the car a bit before checking out the vendors and raffle prizes.

This was a first show and while they had most things handled well, there was a distinct lack of trash receptacles and restrooms. We were told everyone would need to go into the mall for restrooms and that was intentional to get people to go into the mall and perhaps spend money in the stores. The only thing open before 9:30 was Starbucks and they were quite busy. I don't think many ever got past Starbucks.

There were 87 pre-registered cars and day of registrations were being accepted. They were hoping for 100 entries, and they got 109. The roped off parking area was barely large enough to hold all of them. T5R members joining Linda and me with our convertible was Sam Rindskopf with his '57 Nomad and Dana Stevens with her '56 Nomad.

There was a stage setup with lots of chairs for spectators. Opening ceremonies were at 11:00 and included introduction of VFW officials, Pledge of Allegiance and the National Anthem. A tribute to the Marine Corps honored some older Marine veterans as well as younger active Marines.

There was no People's Choice voting, only judges going around using score sheets to determine winners of trophies in the different categories. It was not clear what all of the categories were, but in the end, our convertible was awarded the "Chevy-Best" award and Dana Stevens went home with the "Best of Show" award. Congratulations Dana!

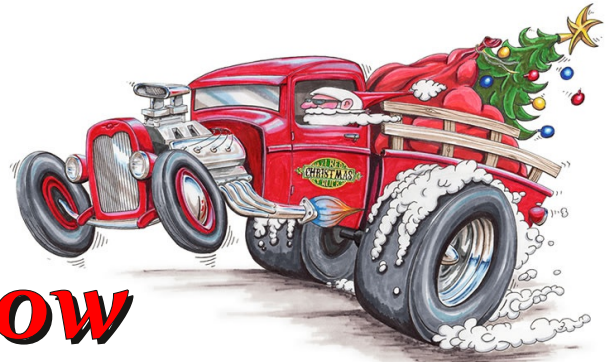

Like all first time car shows, there were some things done well and some things not done so well, but overall, it was a nice show, and they plan to do it again next year bigger and better.

[For more event pics click here](#)

# East County Cruisers Car Show

*Submitted by Dana Stevens*

The Car show season is coming to an end soon and I thought I would attend the East County Cruisers 22nd Annual Holiday Car Show and toy drive. Sunday November 3, 2024 9-2 at Bates Nut Farm in Valley Center. Besides it's in my neighborhood. RAIN OR SHINE!

Pre-Registration is \$25.00 with an unopened toy for a child. Toys and proceeds benefit local families in need.

This car show was open to all years, makes and models cars and bikes.

Yes, it rained late Saturday night and early Sunday morning!! By time I headed out to Bates the roads were drying out and the clouds were moving on. Upon arrival the entrance was a bit muddy and the grass was still wet, nothing we can't drive around. Bates is either going to be, dusting and dry or can be muddy when the rain comes. Upon arrival Wayne and Linda were there with their 55' custom silver and black Chevy convertible, and Tom and Nancy Geiman came by later in the day to visit fellow club members and hang out with us.

This is a popular event for Bates Nut Farm, the car show coincides with the local craft fair and food vendors on display, as well as the store being opened for business.

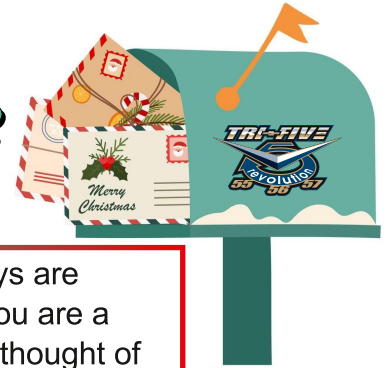

During the day we had music by DJ John, raffle giveaways and a whole bunch of unwrapped toys being collected for the kids, and 50/50 at the end.

The car participation was a light this year 100 give or take, probably due to the weather?

There were 25 trophies to be awarded to the winners some were special awards, I was honored to receive an award sponsored by East County Cruisers for my 1956 Nomad.

# Tri-Five Messages, Info, News & Correspondence

Love the monthly newsletter. For our December In-n-Out show please add that we will be holding our 2nd annual Toy Drive.  
Shawn Hodgetts  
Poway Cruisers, President

Great edition. YOU guys are certainly busy - AND you are a darn good writer. Ever thought of a novel with the heroine owning a 1956 Chevy Nomad?

Alan Miller ~ Dana's dad

I can't believe Irwindale is closing. It must be a different Irwindale than the one we took second place in Top Gas Drag Bike in 1969.

Take care, Steve Ferguson

Thank you Ann for sharing your holiday recipe. I know whenever I need a little filler I can always count on you. Hope you have wonderful Hanukkah and a beautiful Christmas. We miss you both.

*Ava*

Thanks again for considering me for your e-mails each month. It's so nice to see all the Events going on in So. Calif. I only wish we had the same weather as you. We're very limited to the four seasons, with a short summer time for any Car Shows, Cruises, etc. Shocked to hear that Irwindale will close. It was such a great place to Race and just visit. I was fortunate to work at the Old San Gabe Drag Strip in the 50's, the original Irwindale Drag Strip in the 60's, and Managed Fontana Drag Strip in the middle 60's. All are no more. How sad!

Jim London
