(if multiple events fall on the same day, click on the # next to the magnifying glass to see the listing of all events)

The Big 3 Auto Parts Exchange is almost here and we have some exciting news. Danny and Claudia have graciously volunteered to fix us their world famous pulled pork bar-b-que. This will still be a pot luck without the hassles of bringing all the extras and prep work for the sandwiches. This year all we need is bar-b-que sauce and plain hamburger buns. Everyone will need to pitch in for the cost of the meat and bring a side dish and we are set. At the last meeting I handed out the parking passes and the information on the times you can enter and exit. If you have misplaced the entry plaque, you're out of luck but you can find the info on the event at <http://www.big3partsexchange.com/>.

Like last year we will have 3 canopies up for us to have a comfortable place to rest during the long day of treasure hunting. Be sure to bring your own chairs and if you plan to sell remember you will have to take care of your own goods. Contact me if you have any other questions and to sign up for the potluck. We are looking forward to seeing everyone at Qualcomm on February 26th -28th.

Big 3 Auto Parts Exchange

Goldberg Tech Day Part 2

Springs and Ball Joints

On January 24th the Goldbergs had another tech day at the Bishop's. This time the boys changed the ball joints and added new springs to lower the front end making Harvey and Ann a couple of very happy cruisers.

It's a rather dubious distinction to be the center of attention of two consecutive Tech Days -- so we may as well admit it, we're technically needy. We are very appreciative to Bob, Ron and Wayne for devoting their Sunday to the installation of lower ball joints and lowered springs on our Nomad. The amount of technical expertise in this group is incredible! And the results fantastic!

Many thanks,
Harvey & Ann

September 27 -
October 1, 2010

See you in Flagstaff!

Quartzite/Cibola Trip

Tri-5 members Footes, Gayharts & Bishops had a wonderful weekend. January 16th in Quartzite, AZ. was filled with lots snowbirds ready to shop for that much needed treasure. The weather was perfect, not to crowded with lots of vendors. We all found something we just couldn't live without. At the end of the day we headed to the Bishop Ranch for a Tri Tip dinner cooked over glowing mesquite coals. It's always great to spend time with really wonderful friends.

Tri-Five Talk

Get well wishes to good friend Rick Renouf who has cancer of the esophagus. The doctors plan to do chemotherapy and radiation treatments and then operate some time after that. Lets all keep him in our thoughts and prayers for a speedy recovery.

Welcome back Tri-5 members Wayne and Linda. They have spent the last six weeks in Montana taking care of family affairs. We missed not having them around, so glad your back cruising with us again.

Dear Bob, Ron, and Wayne,

I just want the three of you to know that you have collectively stolen my heart! You've turned me into the woman I always knew I could be.

For all fifty-four years of my life I've been self-conscious about my profile, the way my nose stuck up in the air. So different from all of the other Nomads.

I have always been afraid the other tri-fives wouldn't know what a nice girl I am, but think I was snooty. Now I can go down the road with confidence.

Many, many thanks! My dad and Uncle Rich could absolutely never have done this without your combined expertise which you so willingly shared.

Love,
Goldie

Barrett-Jackson Adds
4th Collectors Auction
to 2010 Schedule:

Coming to Orange County

Auto auction junkies will have cause to celebrate this summer. The big guys, Barrett-Jackson, are coming to the Orange County Fair Grounds for a three day collector car event June 25-27. Details, as they become available, will be available at www.barrett-jackson.com

Harvey and Ann Goldberg

Thank you Tom and Nancy for hosting our last get together. Congratulations on your new home, we had a great time.

Claudia's Corner

Things you should know, but probably don't:

1. Money isn't made out of paper. It's made out of cotton.
 2. The Declaration of Independence was written on hemp (marijuana) paper.
 3. The dot over the letter 'i' is called a 'tittle'.
 4. A raisin dropped in a glass of fresh champagne will bounce up and down continuously from the bottom of the glass to the top.
 5. Susan Lucci is the daughter of Phyllis Diller.
 6. 40% of McDonald's profits come from the sales of Happy Meals.
 7. 315 entries in Webster's 1996 Dictionary were misspelled.
 8. The 'spot' on 7-UP comes from its inventor, who had red eyes.. He was albino.
 9. On average, 12 newborns will be given to the wrong parents, daily.
 10. Warren Beatty and Shirley MacLaine are brother and sister.
 11. Chocolate affects a dog's heart and nervous system; a few ounces will kill a small sized dog.
 12. Orcas (killer whales) kill sharks by torpedoing up into the shark's stomach from underneath, causing the shark to explode.
 13. Most lipstick contains fish scales (ewww).
 14. Donald Duck comics were banned from Finland because he doesn't wear pants.
 15. Ketchup was sold in the 1830's as medicine.
 16. Upper and lower case letters are named 'upper' and 'lower' because in the time when all original print had to be set in individual letters, the 'upper case' letters were stored in the case on top of the case that stored the smaller, 'lower case' letters.
 17. Leonardo Da Vinci could write with one hand and draw with the other at the same time hence, multitasking was invented.
 18. Because metal was scarce, the Oscars given out during World War II were made of wood.
 19. There are no clocks in Las Vegas gambling casinos. There are no clocks in an casinos in Nevada.
 20. The name Wendy was made up for the book Peter Pan; there was never a recorded Wendy before!
 21. There are no words in the dictionary that rhyme with: orange, purple, and silver!
 22. Leonardo DaVinci invented scissors. Also, it took him 10 years to paint Mona Lisa's lips.
 23. A tiny amount of liquor on a scorpion will make it instantly go mad and sting itself to death.
 24. The mask used by Michael Myers in the original 'Halloween' was a Captain Kirk's mask painted white.
 25. If you have three quarters, four dimes, and four pennies, you have \$1.19. You also have the largest amount of money in coins without being able to make change for a dollar. (good to know)
 26. By raising your legs slowly and lying on your back, you can't sink in quicksand. (and you thought this list was completely useless)
 27. The phrase 'rule of thumb' is derived from an old English law, which stated that you couldn't beat your wife with anything wider than your thumb.
 28. The first product Motorola started to develop was a record player for automobiles. At that time, the most known player on the market was the Victrola, so they called themselves Motorola.
 29. Celery has negative calories! It takes more calories to eat a piece of celery than the celery has in it to begin with. It's the same with apples!
 30. Chewing gum while peeling onions will keep you from crying!
 31. The glue on Israeli postage stamps is certified kosher.
 - 32 Guinness Book of Records holds the record for being the book most often stolen from Public Libraries
 33. Astronauts are not allowed to eat beans before they go into space because passing wind in a space suit damages it.
 34. George Carlin said it best about Martha Stewart. 'Boy, I feel a lot safer now that she's behind bars. OJ Simpson (OJ is now in jail in Nevada) and Kobe Bryant are still walking around; Osama Bin Laden too, but they take the ONE WOMAN in America willing to cook, clean, and work in the yard, and they haul her ass off to jail'.
- NOW I BET YOU SPEND THE REST OF THE DAY BOUNCING RAISENS IN THE BOTTOM OFYOUR CHAMPAGNE AND TRYING TO RHYME WORDS WITH ORANGE , PURPLE AND SILVER...

Wheel Bearings

Well, it appears wheel bearing issues are not just an isolated problem after all. Rodders are starting to report problems and complaining about failures now....we all have to be careful of the country of origin!

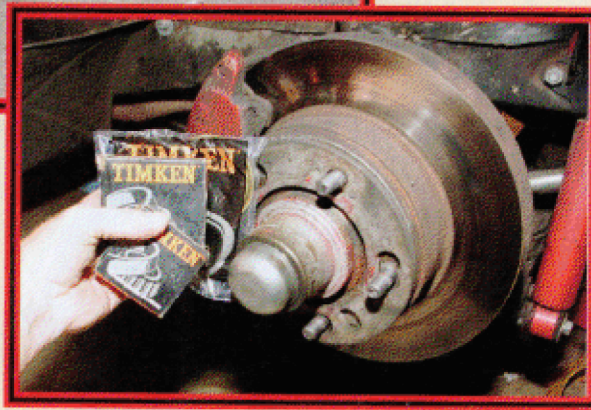

Submitted by Steve Baker via JD & Dana Stevens as seen in StreetScene/January 2010

I've decided to just keep wheel bearings under the seat. I blew the outside driver's side this time (last time passenger-side inside). Rather than replace them all, I just replaced the one that was going bad. Last time they were not "made in the USA" bearings, so I made sure the new ones were before I laid down the cash. The other thing I noticed in the directions (yes, there were directions), is that they

should be re-tightened after 100 miles. I guess I've been doing it wrong since I was 12. I'll now try re-tightening.

One thing I missed last winter was going through the truck and tightening everything down. Unfortunately, this left me under the truck a couple of times tightening things down or wiggling the wires to the neutral safety switch in a less than convenient place.
