T5R 6th Anniversary Celebrated

The Tri-5 Revolution recently passed a milestone — our 6th Anniversary. Definitely something to be celebrated! Many thanks to Pat and Mike for once again hosting our anniversary party. We met on Sunday, September 28, when they treated us to a delicious selection of Mexican food at their home, including Pat's yummy homemade cheese quesadillas.

It's been a good six years of friends enjoying terrific classic cars on cruises and at car shows, Tech Days where we help each other solve problems, lots of good conversations, and times happily spent together. And, of course, food shared and games of Apples to Apples played.

Now it's time to have another great year!

Brown's Latest Purchase

Alpine Car Show & Chili Cookoff

On September 20, 2014 I wandered up to the Alpine Chili Cook off car show in Alpine. The weather was pretty good, about 80 degree's or so. I got there about 7:45 am to sign in and found a space. I cleaned up the old 57 Chevy, got my goody bag and started my day looking at cars and talking to friends. Since I'm not a chili fan, I didn't participate in eating any. I did however eat at the pancake breakfast. Many of you know, my good friend Don has been going through cancer treatment and has not been to a car show since May. It was great that he showed up about 10:00 AM and stayed until 12 noon. After he left the raffle began and I won a couple of items, but nothing good. The awards followed and the old 57 was lucky enough to win one. Nice weather, good friends, Don showed up, short drive, won a trophy, back in the garage safe and sound.

It is a 1932 Ford 3 window coupe that was built in 2012 and I bought it with just 700 miles on the odo. It has a Chevy 350 roller rocker crate motor, Chevy 350 turbo tranny and a Ford 9" rear end. Coil overs all the way around, discs in front, drums in the rear. Vintage air. It is a Kilborne glass body, top chopped 3", and the running boards and hood are steel.

Having fun with it and building a list of things I need to do to it to get it the way I want it.

Carlton Oaks School Car Show

*Classic Cars, Raffles and Silent Auctions
Raise Money for School Technology*

I only go to a few car shows these days: Midnight at the Oasis, Big Bear, Picnic by the Bay. Like any classic, I've got my favorites, though my current tastes lean to spending time on the road, feeling asphalt under my tires. A good cruise, that's what I like. But, when I receive a personal invitation to a car show? I'm all in! That's how I found myself participating in Santee's Carlton Oaks School Car Show a few weeks ago. The invitation came from 6th grader Andrew to his Granddad. Would he take me to the car show; help the PTA raise money for new technology for his school. Negotiations started. Happily, the fellows made a deal, I'd go to the show and Andrew would help get me show-ready.

From the start it reminded me of when I was newly off the showroom floor in 1956 — an event planned around the kids. I found myself with about 35 other classics (most brought to the show by other grandparents - including a really nice lady who carried a yellow microfiber in her back pocket) in a parking lot with booths for balloon animals, temporary tattoos, Sno Cones, popcorn, an old-fashioned photo booth courtesy of sponsor So Cal Painting, a large selection of student oriented silent auction and raffle items, as well as a food truck. And, families supporting their school.

Definitely a day I'll remember happily while I'm patiently waiting for my next opportunity to get out of the garage.

— Goldie

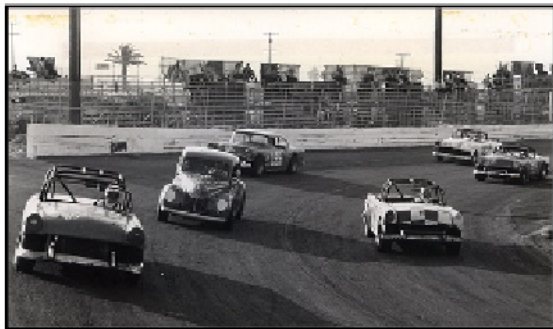

Cajon Speedway 10th Anniversary

In August I was asked to bring the 57 Chevy to the 10th anniversary of the closing of Cajon Speedway being held at the Wednesday Cajon cruise night. since I drove race cars there for 30 plus years, I thought it would be nice to see some of my old friends long ago. Not expecting much ,

I drove down, I found a place to park and walked around. To my amazement , the place was packed with race cars, hot rods of old racers, and lots of pictures and videos from the past . The time past quickly as I ran into more people than I thought I would. It was alot of fun for me to reminisce about the past. Of course bench racing as we call it, is always better than racing it's self and more fun because you don't have to fix the wrecked race car. So at 8 pm it was over. It was suggested that we do this again in 10 years. I told the promoter of this event that most of us might not be around in 10 years. It was a good time and I hope they do it again in a few years.

Claudia's Corner

Laws of Nature

1. Law of Mechanical Repair -

After your hands become coated with grease, your nose will begin to itch and you'll have to pee.

2. Law of Gravity -

Any tool, nut, bolt, screw, when dropped, will roll to the least accessible place in the universe.

3. Law of Probability -

The probability of being watched is directly proportional to the stupidity of your act.

4. Law of Random Numbers -

If you dial a wrong number, you never get a busy signal; someone always answers.

5. Variation Law

If you change lines (or traffic lanes), the one you were in will always move faster than the one you are in now.

6. Law of the Bath

When the body is fully immersed in water, the telephone will ring.

7. Law of Close Encounters

The probability of meeting someone you know INCREASES dramatically when you are with someone you don't want to be seen with.

8. Law of the Result

When you try to prove to someone that a machine won't work, IT WILL!!!

9. Law of Biomechanics

The severity of the itch is inversely proportional to the reach.

10. Law of the Theater & Hockey Arena

At any event, the people whose seats are furthest from the aisle always arrive last. They are the ones who will leave their seats several times to go for food, beer, or the toilet and who leave early before the end of the performance or the game is over. The folks in the aisle seats come early, never move once, have long gangly legs or big bellies and stay to the bitter end of the performance. The aisle people also are very surly folk.

11. The Coffee Law

As soon as you sit down to a cup of hot coffee, your boss will ask you to do something which will last until the coffee is cold.

12. Murphy's Law of locker rooms

If there are only 2 people in a locker room, they will have adjacent lockers.

13. Law of Physical Surfaces

The chances of an open-faced jelly sandwich landing face down on a floor are directly correlated to the newness and cost of the carpet or rug.

14. Law of Logical Argument

Anything is possible if you don't know what you are talking about.

15. Law of Physical Appearance

If the clothes fit, they're ugly.

16. Law of Public Speaking

A CLOSED MOUTH GATHERS NO FEET!

17. Law of Commercial Marketing Strategy

As soon as you find a product that you really like, they will stop making it OR the store will stop selling it!

18. Doctors' Law

If you don't feel well, make an appointment to go to the doctor, by the time you get there, you'll feel better. But don't make an appointment and you'll stay sick.

The Kitchen Scoop on Pumpkin Cookies

This is definitely my time of year. As you may remember, I'm an enthusiast of all things pumpkin. Come October, I'm in my glory. Last year I shared a recipe for two ingredient pumpkin muffins. Here's another delicious treat that's just as easy, cookies from just a spice cake mix and a can of pumpkin. They're so good they don't need frosting. If you choose to, just add a teaspoon of pumpkin pie spice into a can of vanilla creamy frosting and have to it. Or, add some chopped walnuts or mini chocolate chips to the batter. There's no trick here, I think you'll really like these!

2 Ingredient Pumpkin Cookies

1 (15 ounce) can of pumpkin (use solid pumpkin for these, not pumpkin pie filling)
1 box spice cake mix

Preheat oven to 350 degrees and line a baking sheet(s) with parchment paper.

Mix pumpkin and cake mix together in a medium bowl until there are no more lumps. Drop batter by rounded tablespoonfuls onto the prepared sheets, spacing cookies about 2 inches apart.

Bake cooked for 13-15 minutes, until edges start to turn golden. Remove pan from oven and cool for five minutes. Transfer cookies to a wire rack to finish cooling.

Store in an airtight container for up to 3 days. Or, better yet, enjoy them right away.

Boo!

Club Correspondance

Sure wish we could be at the birthday party.
Please say hi to everyone for us!

Claudia :& Danny

Hi All T5R Members,

I just wanted to take a moment to thank all of the T5R Members for their participation over the years at the Poway Cruisers Events.

It's Clubs like yours that make the car club community the great success it is today.

Again, thanks for all the T5R participation. Sometimes it even pays off for your members, ask Bob with his new 32 three window coupe.

Earl Asbury
President, Poway Cruisers.
