CHP 645 Squad Club 2nd Annual Classic Car Show

Submitted by Wayne Hartwig

Last year, the San Diego Area Office of the California Highway Patrol (CHP) put on its first annual classic car show to benefit the 11-99 Foundation. If you were at that show, you probably remember it was held on the street in front of the new San Diego CHP Area Office on Kearny Villa Road, a location that is not very desirable for a car show. Last year's show was well attended with around 200 entries, but it was not that well organized. There were quite a few aspects of the show that could have been handled much better. This year, Linda's '69 Chevrolet C-20 pickup and my '55 Belair convertible were there with around 70 other entries. I suspect the low entry numbers was partially because the show was not too well advertised and perhaps some didn't like how last year's show was presented.

This year, the CHP hosted their 2nd Annual Car Show but made a number of changes to improve the event. The show was moved to a nice parking lot on Metropolitan Drive in Mission Valley, a location much more suitable for a car show. Everything was just a short walk from everything else, no long walk from one end to the other and no parking next to a lot of weeds.

There were raffle prizes and a 50/50 raffle as well. Prizes included a big screen TV, and 16 other items like gift certificates, Padres and Sockers game tickets and passes to the USS Midway. There were several clean port-a-potties and wash stations, and four food vendors offering a variety of delicious foods. The San Diego Blood Bank was on hand, taking blood donations.

There was DJ “Flip2Syde” playing music much more enjoyable for the people in attendance, but there was also the “Flashpoint Skate Team” performing a routine for the crowd and a live band, “Los Tortugas” playing mostly instrumental surfing songs from the sixties. They even played Rod’s favorite “Rumble” by Link Wray. There was no Erik Estrada, but there was a “Dunk a

Chip” dunk tank where there was opportunity to dunk a CHP Officer for a plunge into the icy cold water. They advertised three balls for \$10, but they decided to let everyone take their shots for free. I decided I needed to play, and I discovered my throwing arm aim was much less than accurate, to say the least. However, I did hit the mark once, but apparently not hard enough to dunk the officer. The attendant then smacked the target with his hand, sending the officer into the water. That was kind of fun.

There were six awards, Best Interior, Best Paint, Best Engine, Best Truck, Sponsors Choice and Best of Show. Two CHP officers were making rounds to pick the award winners. Last year they just went out and put an award in the entry of their choice and no one knew who won what. This year, they lined up the winning cars at 1pm and paraded them through the round-about in front of the crowd one at a time to receive the award. Big improvement over last year! This year, our

convertible was chosen for the Sponsor’s Award. The awards were cool looking large round wood plaques, easily hung on a wall. I like that!

After the awards presentation, everyone was thanked for their participation and for bringing their collector cars to the show in support of the 11-99 Foundation. They also said (jokingly) they noticed a few mechanical violations, but they were going to overlook them today. (Honest officer, I had a front license plate when I came in. Someone must have stolen it!)

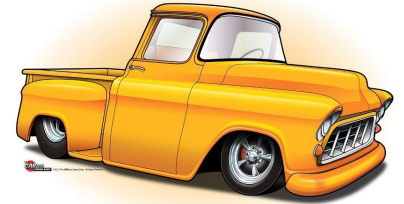

Overall, it was a much-improved show, great weather and a great opportunity to support our local CHP and the 11-99 Foundation. If there’s a 3rd Annual Car Show next year, we’ll most likely be there.

Hot! Very Hot September Days In N Out Cruise Scripps Poway Parkway

San Diego Heat Advisory warning!! IT'S FRINGING HOT!!!

I meet the Keller's at the In & Out Burger cruise in Poway, maybe 20 hot rods showed up? About 11:30 Wayne and Linda rolled in with the 55' convertible a quick visit and burger, too hot to stick around. For Wayne and Linda this was the perfect day to test the air conditioning system after having minor repairs done. Not far behind them, I went to the Keller's for a cool down and a few practice rounds of five crowns. 102 degrees when we left Poway!

So glad for A/C!!!

Dana Stevens

Photos submitted by Dana Stevens

Auto Swapmeet Santee

September 5th Labor Day turned out to be the hottest day of the year and guess what we did. It wasn't lounging by a pool or frolicking in the ocean, no not us, we went to an Auto Swapmeet. We treked down the hill early to the Santee Drive In where the swapmeet was being held meeting up with Rod. Bob and Rod checked out each stall in the blazing sun while Ava

tried to walk from shade to shade. Not too many vendors showed up this time but we did still find a few items we couldn't live without. We left earlier than usual to head for some air conditioning. Rod

went home to pick up Nanci and change his shirt while we went to a couple stores to cool off before meeting up with the smarter Tri5ers for lunch at Filippi's Pizza Grotto. After a yummy lunch, Rod, Nanci, Joe, Donna, Wayne, Linda and Dana followed us up to our Ranch for a Tri-5 Crown

Tournament. We cranked up the air and turned on a couple of fans to cool the house down for our guests. All in

Photos submitted by Ava Bishop

all it was a really fun day, but next time if its that hot again we may have to rethink going. Nah! We are gluttons for punishment and you know Bob just can't pass up a swapmeet, especially one with greasy old car parts.

Bob & Ava

Car Show at the San Diego Bayfair 2022

Submitted by Wayne Hartwig

The thunder boats were back in San Diego again this year and with it came the 2nd annual car show at the Bayfair, once again organized by Charger Steve. This year's show was essentially a repeat of last year's show. For \$25, entrants had premier parking among the other car show entries at Crown Point Park and received two Bayfair passes to ride the shuttle bus to the boat pit area and to see the races. Two tall cranes were setup to lift the boats into and out of the water. Pit crews were busy all day just taking care of business.

Four Tri-Five Revolution members brought their classic cars out to beautiful Mission Bay to be among those there to enjoy the World Series of Power Boat Racing. Rich Correia drove his '56 Nomad, Dana Stevens drove her '56 Nomad, Tom & Nancy Geiman drove their '63 Impala convertible and Linda & I were there in our '55 Chevy convertible.

I think there were less entries this time, but still close to 200 entrants participating in the car show. There was a DJ at the event playing some really good tunes all day and he was performing double duty as the 50/50 raffle dude. This year there were some vendors selling their wares and several food trucks were onsite to keep us provided with food and drink.

Once again, show cars were not allowed to be on the grass, and dozens of Motor homes and RVs were once again camped out on the grass for the three-day event. Views of the water were fabulous, and it is still a cool way to enjoy the thunder boats. We did not ride the shuttle bus to the main boat area this year to see the boats up close. However, a couple of our members did go to the main area and the pits to see all the boats and the activity that goes with it. It's quite a sight to see.

Around 2:00, Charger Steve started to hand out awards for his picks for the car show. Rich Correia was a recipient of one of those awards, getting his photo taken with Charger Steve's girls of course.

Congratulations Rich on another nice win. The winning 50/50 raffle ticket was drawn as the last official act of the day. No one we knew was the winner of around \$350.

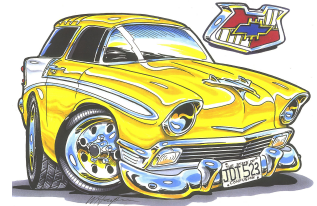

The weather was just about perfect, a Chamber of Commerce kind of day and the scenery around Crown Point was spectacular. There were lots of pretty cars to see and friends to share it with. I guess that's a big part of why we choose to live in San Diego.

For more Bayfair pics go to <https://tri-fiverevolution.com/calendar/2022/9/18>

Thank you to Wayne Hartwig for sharing.

Tech Support Day at Wayne's Shop

Wayne, with the support from Linda and Joe Keller took the time to help replace my driver's side power window motor on the Nomad, we had gotten a good 14-16 years out of it. The window motor stopped intermittently in the process of going up or down and this went on for a month or two. At the time, I could assist the window going up by pulling it up from the top edge of the glass, I HIGHLY don't recommend this. It finally got to a point that the motor would gradually go down to a certain position and the window would suddenly drop to the bottom of the door, that's all I needed was a shattered

glass door window. That's it, I needed HELP!

This is not an easy replacement. The entire window mechanism and motor have to be removed piece by piece from behind the door skin and through a small cut out hole.

Once removed we discovered the gears on the motor were stripped and no longer turning, as well as the window itself was out of the channel, which I caused by physically pulling it up by the chrome edge.

Once we figured out the problem, I called Specialty Power Windows AMERICAN MADE PRODUCT located in Forsyth, GA and spoke with tech support. He was all about sending me a new motor, but he told

us that it would take week's and the cost of S&H. SOUND FAMILIAR!!!

The mechanism is a GM product installed in all 1985 Camaro's as well as up to 1993 GM trucks. He said, any auto parts store sells it, I had the part number on the mechanism and we were off to NAPA. \$34.00 bucks and out the door and back to Wayne's shop. Wayne installed the window motor/mechanism and with a few modifications to the window channel, the window was back in business...

This was a team effort...A job well done...let's see if I can get another 16 good years out of it??

Dana Stevens

TRI-5 ADVENTURES

Cruisin' down memory lane with Bob Brown. These were taken at the famous Jack Rabbit Trading Post on Route 66 in AZ when he drove his '57 Bel Air to Biloxi, MS for the Cruising the Coast event back in 2018.

Another Cruisin' Grand Winner. The O'Reilly Auto Parts Friday Night Spot award on September 23rd. Congratulations Wayne Hartwig!!

Claudia's Corner

*This message is for all of our members over 60 who can probably relate!
And for their kids and grandkids who have a need to know, too!
Most of the generation of 60+ were HOME SCHOOLED in many ways*

1. My mother taught me TO APPRECIATE A JOB WELL DONE .

"If you're going to kill each other, do it outside. I just finished cleaning."

2. My mother taught me RELIGION.

"You better pray that will come out of the carpet."

3. My father taught me about TIME TRAVEL

"If you don't straighten up, I'm going to knock you into the middle of next week!"

4. My father taught me LOGIC.

" Because I said so, that's why."

5. My mother taught me MORE LOGIC .

"If you fall out of that swing and break your neck, you're not going to the store with me."

6. My mother taught me FORESIGHT.

"Make sure you wear clean underwear, in case you're in an accident."

7. My father taught me IRONY.

"Keep crying, and I'll give you something to cry about."

8. My mother taught me about the science of OSMOSIS.

"Shut your mouth and eat your supper."

9. My mother taught me about CONTORTIONISM.

"Just you look at that dirt on the back of your neck!"

10. My mother taught me about STAMINA.

"You'll sit there until all that spinach is gone."

11. My mother taught me about WEATHER.

"This room of yours looks as if a tornado went through it."

12. My mother taught me about HYPOCRISY.

"If I told you once, I've told you a million times, don't exaggerate!"

13. My father taught me the CIRCLE OF LIFE.

"I brought you into this world, and I can take you out..."

14. My mother taught me about BEHAVIOR MODIFICATION.

"Stop acting like your father!"

15. My mother taught me about ENVY.

"There are millions of less fortunate children in this world who don't have wonderful parents like you do."

16. My mother taught me about ANTICIPATION.

"Just wait until we get home."

17. My mother taught me about RECEIVING.

"You are going to get it from your father when you get home!"

18 . My mother taught me MEDICAL SCIENCE.

"If you don't stop crossing your eyes, they are going to get stuck that way."

19. My mother taught me ESP.

"Put your sweater on; don't you think I know when you are cold?"

20. My father taught me HUMOR.

"When that lawn mower cuts off your toes, don't come running to me."

21. My mother taught me HOW TO BECOME AN ADULT.

"If you don't eat your vegetables, you'll never grow up."

22. My mother taught me GENETICS.

"You're just like your father."

23. My mother taught me about my ROOTS.

"Shut that door behind you. Do you think you were born in a barn?"

24. My mother taught me WISDOM.

"When you get to be my age, you'll understand."

25. My father taught me about JUSTICE.

"One day you'll have kids, and I hope they turn out just like you!"

Cruisin' Grand - Tractor Night

Submitted by Wayne Hartwig

Every year at Cruisin' Grand, One night is set aside for featuring tractors. They get quite a few different tractors, some old, some new, some small, some very large, some restored, some with many years of

patina or rust if you like, some gas powered, and some diesel powered. This year, there were some very interesting participants. There were three very large newer John Deere tractors, one that sells for \$289,000. Smaller tractors included Fords, McCormick Farmall Internationals, a really old Oilpull, a Cub Cadet small tractor with a jet engine, and a few that had no identification on them at all. The most amazing part is that they all were in running condition and were paraded up and down Grand Avenue. It was quite an interesting site and a whole lot of fun.

For more tractor pics go to <https://tri-fiverevolution.com/calendar/2022/9/16>

Proof that your parents were actually cool once.

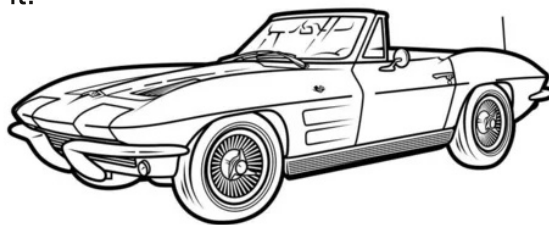

Laws they never taught us

from Sandy Mayer

1. Law of Mechanical Repair - After your hands become coated with grease, your nose will begin to itch and you'll have to urinate.
2. Law of Gravity - Any tool, nut, bolt, screw, when dropped, will roll to the least accessible place in the universe.
3. Law of Probability - The probability of being watched is directly proportional to the stupidity of your act.
4. Law of Random Numbers - If you dial a wrong number, you never get a busy signal; someone always answers.
5. Variation Law - If you change lines (or traffic lanes), the one you were in will always move faster than the one you are in now.
6. Law of the Bath - When the body is fully immersed in water, the telephone will ring.
7. Law of Close Encounters - The probability of meeting someone you know INCREASES dramatically when you are with someone you don't want to be seen with.
8. Law of the Result - When you try to prove to someone a machine won't work, IT WILL!!!
9. Law of Biomechanics - The severity of the itch is inversely proportional to the reach.
10. Law of the Theater & Hockey Arena - At any event, the people whose seats are furthest from the aisle, always arrive last. They are the ones who will leave their seats several times to go for food, beer, or the toilet and who leave early before the end of the performance or the game is over. The folks in the aisle seats come early, never move once, have long gangly legs or big bellies and stay to the bitter end of the performance. The aisle people also are very surly folk.
11. The Coffee Law - As soon as you sit down to a cup of hot coffee, your boss will ask you to do something which will last until the coffee is cold.
12. Murphy's Law of Lockers - If there are only 2 people in a locker room, they will have adjacent lockers.
13. Law of Physical Surfaces - The chances of an open-faced jelly sandwich landing face down on a floor are directly correlated to the newness and cost of the carpet or rug.
14. Law of Logical Argument - Anything is possible IF you don't know what you are talking about.
15. Law of Physical Appearance - If the clothes fit, they're ugly.
16. Law of Public Speaking -- A CLOSED MOUTH GATHERS NO FEET!
17. Law of Commercial Marketing Strategy - As soon as you find a product you really like, they will stop making it OR the store will stop selling it!
