

34th Annual Big Bear Fun Run 2026

Submitted by Wayne Hartwig

August is here and it's once again time for the Big Bear Fun Run. Last year Linda and I made the trip to Big Bear with Rod & Nancy Hildebrand, and we were joined by Suzanne Stephens and her boyfriend Dwight. This year's trip up the mountain was a repeat of last year with the same T5R members and same T5R Classic Chevys except Suzanne & Dwight came in Dwight's 64 Dart.

While this year's adventure started out the same as last year, we were hoping it wouldn't end the same. Last year after the show & shine as we were about ready to participate in the cruise around the lake, our convertible suffered a water pump failure with large amounts of Evans coolant dripping onto the Main Street pavement in Big Bear Village. Unfortunately, there was no fixing the problem in Big Bear, and we had to call AAA for a tow truck. The driver was Brian Swaffi who lived in Big Bear, and he already had experience taking classics down the hill from the Fun Run. He was awesome and took the very best care getting us safely home. We now have another new friend.

This year's trip to Big bear was much like previous trips, uneventful with a stop in Highland for an In & Out burger and a tank of gas before heading up the hill and arriving at Chateau Big Bear around 2:00 pm. Neither of our rooms were ready, so we decided to play a couple games of Five Crowns in the dining room while we waited. Our room was ready around 3:30 but Rod & Nancy's room wasn't.

We decided to go to dinner and get them checked in after we came back. We didn't know the old Sizzler building was now Applebee's and IHOP, so we went for Mexican food at the Hacienda Grill just up the street a little way. It was okay, but we're not likely to go back.

We went to breakfast in the hotel Friday morning and the food was much improved this year. Really good bacon, eggs, potatoes, fruit and pancakes were available choices along with many other delicious food items. After breakfast, we headed to the Fun Run registration area located in Big Bear Village in the Bartlett parking lot where the official Fun Run activity is always held. We picked up our registrations, goody bags & tee-shirts. There were the usual vendors and the small block Chevy engine raffle in the registration area, however NAPA was not noticeably absent this year. There are still lots of stores all throughout the village but to our surprise, the Jack in the Box was permanently closed. Apparently it was an underperforming location. We shopped at a few stores including a leather goods store looking for new hats, but we came up empty. Of course, we had to make a stop at the ice cream store for a cold treat before heading out. On our way back to the hotel, we stopped at a favorite woodcarvers shop to see what was new. Sadly, we learned the lead carver Josh had passed away, but the store was still open for business.

We discovered this year's assigned spaces were 46 & 48 on the corner of Village Drive and Bartlett Street. These spots were awesome as we would be parked parallel to the street instead of at an angle and these spots would showcase our Chevys very well. In addition, there were several big trees by the wide sidewalk area there where we could be in shade all day without the need for a popup. The only downside was sap coming out of the trees and landing on the cars. That's a problem no matter where you park in Big Bear this time of year, but I knew a wet microfiber towel would instantly melt the sap cleanly off the cars, so it wasn't too big of a problem.

We decided to eat Friday dinner at Tiffany's Bistro in the hotel. We knew from last year the food was really good and this year we had some really good burgers with fries & onion rings. Piano player Mike Cross was going to play from 6 pm to 9 pm. It was a nice way to spend the evening.

Saturday was car show day, and we headed to the show shortly after 8 am, entering on Knickerbocker to get to our assigned spaces. We had just parked in our spaces when our new friend Brian came up to say hello. He told us he no longer works as a tow truck driver and that he now works for the City of Big Bear Lake. His job for the day was to just keep an on things during the Fun Run.

The Village was taken over by 500 plus show cars and thousands of spectators filling the Bartlett Lot and the numerous surrounding streets. At registration, we heard the show was not sold out and we noticed there were quite a few empty spaces throughout the venue. Judging for the 70 awards was advertised to be from 10 am to noon, however we saw judges making their way through the parking lot around 8:30 am. There were about 40 judges, all looking for their choices for one or more specific award categories. It wasn't too long before a judge was looking diligently at Rod's 57 sedan and he told Rod that his car was his choice for an award, but the final decision would be made by a committee of judges. That sounded encouraging, but there were thirty plus Tri-Five Chevys attending this year's Fun Run.

We didn't spend much time looking at all of this year's entries. We spent most of the day sitting in the shade by the cars watching all the spectators go by making comments while looking at our classics. I did go by the registration booth to say hello to BBLACC members Bill

Bergen and Brian Dubrow. They remembered me and my water pump issue well from last year's show and they were glad to see us back again.

Around 2:15 there was an announcement that space numbers of award winners would be posted on a white board at the registration booth and that owners should go to their cars to receive the notifications. We were already hanging out around our cars when a lady came up with a clipboard and a bunch of papers. I was hoping she was looking for Rod to tell him he was a winner, but she wanted the owner of the black & silver 55 Chevy convertible. With all the Tri-Five Chevys to choose from, I wasn't expecting another win. But then the lady came back looking for the owner of the red 57 Chevy. Hey Rod, we're both winners and all that time spent buffing out the paint on your 57 Chevy was well worth it! I knew from the award numbers on the paperwork that I had won the "Best 55 Chevy" award (#37) and Rod had won the "Best 57 Chevy" award (#39). We knew we had to commit to being at the awards ceremony on Sunday with our cars and we filled out the forms with information about our classics that would be read during the awards presentation. When I turned in the paperwork for my convertible, Brian Dubrow was there. I showed him the paperwork, and he had a surprised look on his face. Then he realized he was the one who picked the convertible for this year's award and said, "I must have liked it again this year." Apparently, he didn't remember it was the same car he picked last year with the water pump issue.

At 3:30 pm, cars were beginning to line up for the cruise around the lake. You know I just had to take a peek under the convertible to see if there was anything leaking. There wasn't and we loaded up for the cruise around the lake. The cruise was the same as previous years with people all along the route waving as the cars went by. There seemed to be fewer people along the first half of the route, but the second half was packed with spectators cheering and clapping as we cruised by.

After the cruise, we decided to go to the Cowboys Wandering Bar & Restaurant in Big Bear Village on the recommendation of our new friend Brian Swaffi and we invited him to join us. It is a nice bar and restaurant with several televisions playing old episodes of the Rifleman, Bonanza and Lassie while we were there. We tried the pork ribs and a BBQ burger. They were pricy, but good. After dinner, we went back to Tiffany's Bistro at the Chateau. Piano player Mike Cross was back with two guest performers, singer Nancy Walker and violinist Debra Price. All three were really good performers, especially Debra, who played her violin for most of the evening.

Sunday morning came really early because we had to clean the sap off the cars, get breakfast, check out and get to the awards ceremony on time. We arrived at the Bartlett lot around 8:15 am and were directed to spaces for award numbers 37 and 39.

The Awards Ceremony started at 9 am in front of the giant flag with the usual reciting of the Pledge of Allegiance, the singing of the National Anthem and a thank you ceremony for the sponsors. The awards were announced as each entry pulled in front of the big flag. Lots of photos were taken. In what seemed like a very short time, the show was officially over, and the parking lot was clearing out. We decided to head out down the mountain and make our way home. When we got to Highland, Linda and I stopped at In & Out again for a pee stop and a cold drink. Rod & Nancy continued on their way home. We all made the trip home with no problems, always a good thing!

Every trip to the Big Bear Fun Run is different in one way or another. This year, we were in a more relaxed mode and focused more on having a really good time more than the actual car show. This year's Fun Run was truly fun and winning awards made it a little more so. All of the BBLACC people were very nice, and they did an excellent job putting this event together. We're already looking forward to next year. Come with us and join in the fun!

Memories of the Santee Drive-In/Swapmeet

T5R Dinner & A Drive-In Movie Night 2010

2021 SD Cars Auto Swap

Bob started going to swapmeets when he was 12 with his dad. When we were dating I would go with him occasionally. Just recently I decided to go with him every week. I ended up finding and buying more than he does. I just can't pass up those \$1 or even sometimes free collectibles. On Sunday, August 30th we headed to the very last day. We said goodbye to all our vendor friends and other shoppers we have come to know. We will no longer be going to this location but pretty sure between estate sales, antique shops, car swapmeets, vintage fleas and an occasional yard sale we will be able to be kept entertained and bring home more of those treasures we don't really need. Farewell to another lost era, The Santee Drive In/Swapmeet, we will miss you!

Ava

 REVOLUTION**

Hot August Nights 40th Anniversary 2026

by Sam Rindskopf

This year's trip to Reno for Hot August Nights was anything but normal. The week before started out with me struggling with Asthma, I was able to detail the Nomad top to bottom. I started out by applying a coat of Mothers Synthetic Wax using my buffer. She looked great. Next, I detailed under the hood, not a super detail, I planned to do a final detail later in the week. Next, was detailing the undercarriage. I spent a full day working on it, including polishing the stainless-steel exhaust,

she looked pretty under there. By this time, I was really struggling breathing so I went to Urgent Care, my second trip within a week. The doctor there sent me to the Emergency Room at our nearby hospital. They did a bunch of tests and a chest X-ray and determined that my chest congestion was due to my swollen heart. He prescribed a diuretic to address fluids I was retaining because of prednisone I had been taking. The very next day, the Friday before we were planning on leaving for Reno, Donna went to Urgent Care and tested positive for Covid. She was also sent to the emergency room.

We spent the next 4 days testing her and on Wednesday she tested negative so we threw our stuff in the Nomad and headed to Reno, 2 days later than we had planned. Nine hours later we pulled into our daughter Tasha's home in Reno, only to discover the Nomad was leaking something, that something turned out to be transmission fluid coming from our cooler mounted just behind the front bumper. Evidently a rock must have hit it and punched a hole in it. We, sons-in-laws Misha and Todd spent all day Thursday replacing it, thank heavens for the Summit Racing Store nearby and for Todd who did most of the work in 100+ degree temperatures. Youngest daughter Korri, husband Todd, and their 2 sons were visiting from Colorado.

We spent Friday swimming and relaxing on a private beach at Lake Tahoe with Tasha and Korri and their families.

Saturday, we did the Hot August Nights Show and Shine in downtown Reno. Sunday morning my 4 grandsons (Tasha's 2 boys and Korri's 2 boys) did the Grand Finally Parade. The parade stages in a parking lot on the University of Nevada's Reno Campus. They provide coffee, hot chocolate, and donuts, a big hit with my grandsons. We spent time before the parade checking out the cars, with Grandpa educating them about the different classic cars. On our way home I decided to let Tasha's oldest son Sage drive the Nomad, he got his driver's license 2 months before. He was nervous but did a great job.

Once at Tasha's I let Korri's

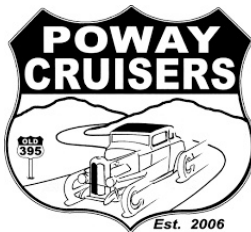

oldest son Jude drive the Nomad around the block. They were both super stoked at the opportunity.

Monday morning, we packed up and headed home, no issues. This is a Hot August Nights we will not soon forget. We had an awesome visit, spending time with Tasha, Korri, and their families. We're hoping next year's Hot August Nights trip is far less eventful!

"Happy Birthday Tri-Five Revolution September 21, 2008 It's been a fun filled 18 Years and counting!"

Great Food, Music, & Meet New Friends

Tri-Five Revolution Annual Christmas Party December 20th - 2pm at Bishop's Rough Edges Ranch

Tri-5 Revolution Annual Pot Luck Christmas Party is headed back to The Bishop's Rough Edges Ranch in Ramona. We will be having our knock down, drag out, cut throat, no holds barred holiday \$25 gift exchange. Everyone can bring your own gift, participate as a couple or just watch the fun.

Casual or holiday attire.

Pot Luck sign up sheet will be at the September & November meetings. If unable to attend either meeting let Ava know if coming and what you plan to bring.
